

Templeton FFA SAE Deadlines and Requirements

Each student must complete an SAE (Supervised Agriculture Experience) through the AET program, which is an online record keeping program. All FFA activities will also be recorded in your AET account. SAE and FFA are both part of your Agricultural Course Grade (10% SAE, 10% FFA). Logging these hours and activities in your book is easy and will be completed through the year. These items will be part of the gradebook.

*YOUR SAE PROJECT can be used for multiple FFA courses. All items are uploaded in the Templeton SAE Course on Google Classroom.

AET Recordbook Item/and Description	SAE GRADE	DEADLINE
