# History of Floral Design Timeline

Goal: To explore the role of visual arts using flowers in culture and human history.

Objective: To describe and distinguish characteristics and identify elements and styles of a particular historical time period.

Project Procedure:

1. Develop a timeline of all the major historical dates in Floral Design that we have covered in our notes. Include dates and brief descriptions of events occurring during this time. Make it look nice, be creative! You need to add pictures or drawings. Be sure to add a title.
2. The following items must be completed for all time periods and presented in written or visual form:
  - a. Period Name
  - b. Date and Time Line in History
  - c. Names of 2 styles, cultures, ethnicity, use of media, and common artwork during each period
  - d. Name and interpret the themes that correlate with the artwork during this period
3. Construct a two-dimensional visual aid that shows examples of floral designs and styles that replicate each time period. You will need to do a little research on each time period, highlighting at least 2 main points from each period.
4. Your grade will be based on the following possible points:
  - a. Written elements- 75 points
  - b. Visual aid- 25 points
